

ClearSky Solutions™

Renewable Energy Insurance for China

Harnessing the power of wind

As the world's leading renewable energy insurer, RSA provides tailored insurance solutions for the wind power industry in China, with our ClearSky Solutions™ portfolio.

Focusing on what matters for our customers, we provide

- Seamless cover from planning through to operation
- Risk management advice from our specialist engineers
- Insurance protection against a wide range of risks from project delay & mechanical breakdown to storm damage and lightning strikes
- Fast & efficient 24 hour claims service – getting you back in business as quickly as possible
- Innovative solutions such as miscalculation cover

Global Expertise, delivered locally

With its history going back nearly 300 years, RSA is one of the world's leading non-life insurers. We transact business in over 130 countries and look after over 20 million customers worldwide. In China we have been providing insurance solutions for 10 years and our wholly owned subsidiary, Sun Alliance Insurance (China) Limited, is geared to provide market leading protection for the wind power industry.

To see how your business can be protected with our ClearSky Solutions™, contact Stella Fang, Director, Renewable Energy on 021 6888 1999 extension 111 or email her on stella.fang@cn.rsagroup.com
